# Azure Workloads Launched in Recent Weeks

- Azure Container Apps in Switzerland North – also see [LinkedIn post](#)

Deploy containerized apps without managing complex infrastructure with this fully managed serverless platform service.

Build and deploy modern apps and microservices at scale. Applications built on Azure Container Apps can dynamically scale based on the following characteristics: HTTP traffic, event-driven processing, CPU or memory load.

- Azure IoT Hub in Switzerland North and West – also see [LinkedIn post](#)

Azure IoT Hub provides a cloud-hosted solution to connect, monitor and manage IoT assets.

- Azure Data Factory in Switzerland West (was already in North before)

# Take Action Now for Last Free M365 Move Opt-in

- From Nov 2022 – April 30, 2023, there is a [new and the final opt-in window](#) to have specific M365 data moved to Swiss DCs within 24 months starting May 2023 (ExO / SPO / ODfB / Teams – see [here](#)).
- **If a customer misses this last free opt-in window and wants to get specific M365 data moved to Swiss DCs later, there will be NO further move exceptions and a fee applies** (see next slide).
- Education Tenants do not receive another free move opt-in.
- Eligible tenants will see the move opt-in (again) in the M365 Admin Center: in the navigation pane on the left, expand Settings, and then click Org Settings. Select the tab Organization profile, then select the option Data residency, mark the checkbox and click "Save".

# Advanced Data Residency Add-on

- See the [information on the add-on here](#)
- The add-on has a list price of 2 USD per user per month as an ongoing license (not only a one-time move fee). Reduced pricing for Education Tenants.
- In the future, local data residency for certain M365 workloads (e.g. some Defender solutions) may only be guaranteed if customers purchase the add-on: see [here](#)

Service Name	Product Terms	Multi-Geo	ADR
Exchange Online	X <sup>1</sup>	X <sup>2</sup>	X <sup>3</sup>
SharePoint Online / OneDrive for Business	X <sup>1</sup>	X <sup>2</sup>	X <sup>2</sup>
Microsoft Teams	X <sup>1</sup>	X <sup>2</sup>	X <sup>2</sup>
Microsoft Defender for Office P1	-	-	X <sup>2</sup>
Office for the Web	-	-	X <sup>2</sup>
Viva Connections	-	-	X <sup>2</sup>
Viva Topics	-	-	X <sup>2</sup>
Microsoft Purview	-	-	X <sup>2</sup>

A19: The Advanced Data Residency add-on will be available for purchase upon GA (scheduled for November 2022) through these licensing programs and channels:

- Enterprise Agreement (EA) / Enterprise Subscription (EAS)
- Buy Online (NCE/Modern: Customer-led)

Microsoft 365 ADR add-on purchase via the CSP program (Partner led) is currently unavailable. Availability through CSP is on the roadmap with a target GA in CY2023.

# Call to Action

- Prevent a potentially negative experience: have the move conversation with your customers as soon as possible (except Education tenants)
- Take an active and informed decision on opting in (the opt-in cannot be reversed)
- Opt-in BEFORE April 30st 2023 (either customers themselves in M365 Admin Center or eligible partners in Partner Center)

# Heads-up

No call in February
