Online

Dynamics 365 Business Central Team Members

Now available! You can find the [Team Members Plan for Dynamics 365 Business Central](#) document which provides details on how the Team Members users work in Business Central and the limitation of 15 objects per employee.

Dynamics 365 Business Central Device

Business Central Device license will be available on the CSP price list effective July 1, 2019. Eligibility and use rights will be available in the Dynamics 365 Business Central Licensing Guide in the July version.

On-premises

Dynamics NAV to Dynamics 365 Business Central User Transition Ratio

Based on partner feedback the Dynamics NAV Full user to Dynamics 365 Business Central on-premises Full user ratio of 1:2 is **increasing** to 1:3 (effective May 15, 2019).

Each Dynamics NAV Full user licensed before May 1, 2019, will receive 3 Dynamics 365 Business Central on-premises Essentials or 3 Dynamics 365 Business Central on-premises Premium users.

Each Dynamics NAV Limited Concurrent User CAL licensed before May 1, 2019, will receive 3 Dynamics 365 Business Central on-premises Team Members users.

Table 1: NAV Users Licensed before May 1, 2019

Dynamics NAV	Business Central on-premises Mapping
Full Users	1:3 (Essentials or Premium users)
Full User - Limited Upgrade	
Limited Concurrent User CAL	1:3 (Team Members users)
Limited Concurrent User CAL - Limited Upgrade	

Table 2: NAV Users Licensed May 1, 2019, and After

Dynamics NAV	Business Central on-premises Mapping
Full Users	No longer available
Full User - Limited Upgrade	1:1 (Essentials or Premium users)
Limited Concurrent User CAL	No longer available
Limited Concurrent User CAL - Limited Upgrade	1:1 (Team Members users)

Dynamics NAV customers who have already transitioned to Dynamics 365 Business Central on-premises will receive the additional users via a license adjustment in May.

For more information on Dynamics NAV to Dynamics 365 Business Central on-premises transitions, see the Dynamics 365 Business Central on-premises Upgrade [Policy](#).

Dynamics 365 Business Central Partner Internal Use Licenses

Effective May 1, 2019, the quantity of full users granted to partners on Dynamics 365 Business Central on-premises Internal Use licenses was increased for SPA, MPN, SMB Reseller and Sales Affiliate partners.

Partner Type	Current Entitlement	New Entitlement
Solution Provider Agreement	5	15
SMB Reseller / Sales Affiliate	5	15
MPN ERP / CRM Gold	30	60

MPN ERP / CRM Silver	15	30
MPN Application Development	5	15

Partners who have already been granted Internal Use licenses for the Business Central on-premises will have their licenses updated to reflect the new entitlements in May.

Dynamics 365 Business Central External Accountant and System Administrator User

Business Central on-premises customer licenses have been updated to include, at no charge, one CAL for an External Accounting User and one CAL for a System Administrator User.

These user types are included on the Subscription licensing model for Business Central on-premises since October 2018 and have now been added to Perpetual licensing model for Business Central on-premises. For more information, reference the [Dynamics 365 Business Central on-premises Licensing Guide](#).

Dynamics GP License Migration Transitions to Dynamics 365 Business Central on-premises

Dynamics GP customers with an active Enhancement plan will be able to transition to Dynamics 365 Business Central on-premises via License Migration Transition (LMT) upgrade effective July 1, 2019.

The Dynamics 365 Business Central on-premises Upgrade [Policy](#) will be updated to reflect the mapping for Dynamics GP in July.
